

# Boredom Busters

## Printing Instructions

I'm so happy you grabbed these boredom busters momma! I really hope they help your kids stay busy and out of your hair! 😊 Of course, you can always do these activities with them as well!

It is best to print these out on letter-sized paper. Keep in mind that different printers may make the colors look different. You can print on any paper, but a 28 lb gives your page a more luxurious feel.

You can also print them on card stock or have them laminated if you want them to be more durable.

If you have any questions at all, email me at [shannon@makingmommas.com](mailto:shannon@makingmommas.com). I'm happy to help!
