

Emergency Numbers Printable

Printing Instructions

I'm so happy you grabbed my emergency numbers printable! I really hope it helps you to feel better about your child's safety, momma.

It's pretty easy to use. Just tape a pic of each person on the list on the blank space that says "Insert Photo", and add the number. Below "Mom" and "Dad" are blank spaces for you to add other emergency contacts to the list.

Don't forget to practice calling each number with your child!

It is best to print it on letter-sized paper. Keep in mind that different printers may make the colors look different. You can print on any paper, but a 28 lb gives your page a more luxurious feel.

If you have any questions at all, email me at shannon@makingmommamas.com. I'm happy to help!
